

Signal Deluxe (LIVE! & DJ Set)

Signal Deluxe - Mexico & Berlin (Trenton, Darek, Thoughtless, Eintakt)

These 2 **Mexican** sound renegades have been involved in the underground scene for the past 13 and 17 years doing many different projects, within different styles and formats including mythical **DJ sets**, worldwide **LIVE! Acts**, **vinyl** imprints as well as many other forms of **analogue** and **digital** self expression. In the year 2005 **Valeria** and **Jerga** finally met and created the project **SIGNAL DELUXE**. Since then, they have played all over **Europe** in countries like France, Spain, Switzerland, Sweden, Poland, Austria and Germany. Their music has been released on different labels, such as: Darek, Trenton, Persona, Revolver, Adjunct, Fade, Thoughtless, Eintakt, Brouqade, Budenzauber, Sultry Vibes, Kina Music, Pantamuzik and their own label Blaq Records.

With over **80 releases** on Beatport, their music has been played by hundreds of DJs around the world. Some of their tracks have been remixed by artists like Franco Bianco, Mathias Schaffhauser, Stephen Beaupre, Tom Demac, Fax, [a]pendics.shuffle, Jay Tripwire, Jason Myles and many more. In their DJ sessions, as well as their own productions, you can hear the influence of lots of different genres like the most synthetic forms of **contemporary minimalism**, as well as avant-garde dubstep and a deep appreciation for old school hip hop, Detroit techno, acid house from the early eighties and of course the vibe of Jamaican dub music is a big part of their sound and inspiration. You can find SIGNAL DELUXE rocking' some **deep house** at a small club in Stockholm, or closing some **techno** floor at an outdoor festival in Germany, or in some experimental room in Bern, Switzerland or of course rocking' dance floors back home in **Mexican** territory or in the beautiful city of **Berlin!** Their sound is unpredictable, always outside of any trend or fashion. Perfect for dance floors, like Fusion Festival and Bar25.

In the year 2008, with their partners Carlos Indigo & Ivan Lopez (Soundspace), they started the label **Blaq Records**, where they have released the music of many of the top Mexican producers and showcased some raw new talent. This label has slowly but surely become a quick reference to the Mexican underground. With international collaborations from **top players** like Chris Fortier, Jay Haze, Franco Bianco, Deepak Sharma, Jeff Bennett, Reynold, Cosmic Cowboys, Yapacc, Noah Pred, [a]pendics.shuffle, Big Bully and many more. This year, they are working with Santiago Rodriguez/FM on a full album with a bigger focus on rock and roll and a more **alternative approach**, be ready to hear this project come to live by the end of 2011.
