

**FRANCO BIANCO (Buenos Aires)**

## **BIOGRAPHY**

Born in Buenos Aires, **Franco Bianco** grew up having a lot of contact with the music, making mix tapes for the breaks in the school and sharing a lot of young experiences. Playing vinyls since 1998, he participates in many events in the biggest clubs and radios stations. In 2004, he presents himself in one of the most important festivals of Argentina: the "**Personal Fest**", sharing line ups with artists like: **Pet Shop Boys**, **Morrissey**, **Death in Vegas** and **Gustavo Ceratti** among others

Actually he is producing releases, remixes and collaborates with labels such as **Unfoundsound**, **Multivitamins**, **Hypercolour**, **Meerestief** and **Lesslzmore**. One of the latest **Fabric compilations**, (the fabric 38, mixed by **M.A.N.D.Y**) includes Franco's track: "Noches de Superacion" as intro.

The last **three years** have been very **strong**, giving him a new start in his career, with successful releases which were remixed by artists such as **Sarah Goldfarb**, **Federico Molinari**, **Seuil** and **Someone Else**. In 2007 he had a huge tour which began in **Australia**, passed by **Egypt**, and went through **13 countries**. With a total of 32 presentations "Live!" over 4 months, he shared line ups with **Steve Bug**, **Tiefschwarz**, **Matthew Johnson**, **Dominik Eulberg**, **Marco Carola**, and many many more.

A new tour was scheduled for 2008 in **Europe** and **Central America**, to support the **Mola vinyl** and **Origenes EP**. This last and bigger tour was a huge experience that lasted longer then the 2007 tour. He also played in new places where he never was before, such as **Lithuania**, **Poland**, **Colombia**, **Dominican Republic** and last but not least, the Argentinean edition of the "**Creamfields Buenos Aires**", one of the biggest festivals around the globe.

His latest 12", **Mola** (with remixes of Tony Rohr & Bloody Mary), was a total success and is still played by **Laurent Garnier**, **Anderson Noise**, **Ivan Smaghe**, **Frankie**, **Andre Crom**, **Nathan Coles**, **Tim Xavier**, **Brothers Vibe**, **Loco Dice** and many many others.

Actually he finds himself having many confirmed gigs (like the ones in **Denmark**, **Spain**, **Cyprus**, **Russia**, **Switzerland**, **Sweden** and **Germany**), and he works a lot in his vinyl label **Dilek Records**, where we can find artists like **Alexi Delano** and **Mathias Schaffauser** amongst other artists of his digital sub label **Darek Recordings**. **Franco** is definitely **an artist to keep an eye on** for sure!
